

PLEASE PLAN TO ATTEND: OPEN TO THE PUBLIC

Coordinating land development and transportation investments drive job growth and household savings on fuel, time

Nashville Area MPO and local agencies invite public to participate in improving regional land use and transportation plans for Robertson, Sumner and Wilson Counties

Community workshops are set for early December to give citizens a look at future growth and development across Robertson, Sumner and Wilson Counties and to weigh in on preferences for how that growth should occur in order to support the area's quality of life.

*******This is a key round of public meetings for the Tri-County Land Use and Transportation Project. We need to hear from you about your wants and needs regarding land use and public transportation for your community.**
